

Titan Impact 440

Features

- Quad+ Packings - designed to wipe abrasive coatings clean during operation, preventing damage to the piston or the main sealing lip
- AutoOiler™ - with the push of a button you deliver oil from the reservoir directly to the packings
- Sureflo™ Pusher Valve lets you release a stuck lower ball valve without using a hammer (available on select units)
- Electronic Pressure Control with Rapid Clean to speed flushing and clean-up
- PermaLife™ Cylinder - never wears, never needs replacing
- Full size manifold filter
